Product description

Discover the New Game Red HDMI cable - Maximum performance for your next-gen gaming

Do you have a powerful gaming setup with a next-gen console or a high-end PC? Then you shouldn't compromise on the most important link - the cable. With our new Oehlbach gaming HDMI cable, you can get the most out of your hardware and enjoy razor-sharp picture quality, lightning-fast response times and rich sound.

Fastness & performance
Thanks to HDMI 2.1b and a bandwidth of 48 Gbps, you get absolute top performance:

- 4K at 120 Hz and 8K at 60 Hz for an ultra-sharp, smooth picture
- With DSC even 4K at 240 Hz - perfect for fast shooters and e-sports
- Maximum signal stability for VRR, ALLM and QFT - less delays, no stuttering

Perfect picture quality without interference
The high-quality triple shielding made of two layers of aluminum foil and copper braiding protects your signal from Wi-Fi and Bluetooth interference. This keeps VRR, 4K/120Hz and 8K signals stable and interference-free - without artifacts or distortion.

Ultra-fast response times for gaming without compromise

- ALLM automatically activates gaming mode - perfect for fast inputs
- QFT accelerates signal transmission and minimizes input lag
- More precise control, lightning-fast response - a decisive advantage in any gaming situation

Realistic colors & razor-sharp details

- HDR10 & Dolby Vision Gaming for deeper black levels, brighter highlights and vivid colors
- HGiG support ensures optimal display of HDR games - just as the developers intended

Sound that draws you right into the game
eARC enables lossless 3D sound with Dolby Atmos & DTS:X. Experience powerful, immersive sound and dive deeper into the gameplay

.

High-quality materials for maximum signal strength

- Oxygen-free copper as the inner conductor ensures loss-free, high-precision signal transmission
- Gold-plated 24K contacts minimize contact resistance and ensure a stable connection
- Anodized metal plugs & robust fabric jacket make the cable particularly durable and hard-wearing

Durable, flexible & suitable for any setup
With a length of 2m, 3m or 5m, the cable adapts flexibly to your gaming setup. The high-quality color accents help you to quickly identify it behind the TV or AV receiver.

Experience gaming without compromise - with Oehlbach Gaming
More quality, more performance, more gaming - perfection in connection.

Product properties

cable material	Solid plastic casing
Transmission standard	Ultra High Speed HDMI
Inner conductor material	OFC - oxygen-free copper
Plug type 2	HDMI
Shielding	triple shielding
Transmission rate	48 Gbps
Signal direction	IN/OUT
Plug type 1	HDMI
Colour	White
