Product description

Oehlbach Gaming Powersocket 907 MKII - The high-end power strip for uncompromising gaming performance

Maximum power, optimum signal quality - the Oehlbach Gaming Powersocket 907 MKII is the perfect power strip for gamers who rely on high-quality audio technology. With eight slots, two powerful USB ports and first-class internal cabling, it provides interference-free, clean power - ideal for gaming PCs, consoles, high-end sound systems and streaming setups.

Full control over your power supply

- ✓ 8 slots - four digital (filtered) and four analog (unfiltered) connections
- ✓ High-quality internal cabling - 2,1 mm² OFC copper for loss-free power supply
- ✓ 2 USB ports (USB-A & USB-C, up to 65 W) - perfect for controllers, smartphones and gaming accessories

Perfect for gamers with a high-end sound system

- Filtered slots for digital devices - eliminate noise and improve sound quality
- Unfiltered slots for amplifiers and hi-fi equipment - for optimum audio performance
- Robust aluminum housing - durable, stable and high-quality workmanship

With the Oehlbach Gaming Powersocket 907 MKII, you get a top-class power strip that takes your gaming and audio setup to the next level.

More power. More performance. More gaming - with Oehlbach Gaming.
