## Product description

### Oehlbach Gaming Alu Style W1 - The headphone wall mount for your top-class gaming setup

Do you have a high-end gaming setup and a high-quality headset? Then it deserves an equally classy place. The Oehlbach Gaming Alu Style W1 is the perfect solution to keep your gaming headset safe, stylish and always at hand. Made from solid aluminum, this wall mount combines minimalist aesthetics with robust stability - for a gaming setup that is not only functional but also visually impressive.

#### Secure hold & elegant design

Made of robust, anodized aluminum, the Alu Style W1 not only provides a secure hold for your gaming headset, but also gives your room a modern, clean look

? High-quality aluminum - for maximum stability and long-lasting quality

? Space-saving and stylish - the perfect addition to your setup

? Easy wall mounting - secure attachment with the supplied screws and plugs

? Futuristic design - a real eye-catcher in any gaming room

#### Optimal protection for your headset

Whether gaming marathon or short break - your headset remains safely and conveniently accessible

- Wide contact surface - protects the headband from pressure points and deformation

- Gentle edges and perfect angle - keeps your gaming headset in the ideal position

- Perfect for all over-ear and on-ear models - compatible with all popular gaming headsets

#### Gaming without compromise - perfection in connection

A tidy setup is the key to full immersion. The Oehlbach Gaming Alu Style W1 ensures that your headset is always in the right place. No more tedious searching, no unsightly headphone marks on the table - simply take it off, put it on and start the next match.

**Experience next-level organization for your gaming equipment - with Oehlbach Gaming.**
